MEMORANDUM FOR: Eloise R. Page
Acting Director, Intelligence Community Staff

FROM: [REDACTED]
Acting Director, Program and Budget Staff

25X1

SUBJECT: Community Support for Washington Area Operations-
Intelligence Centers

1. Action Requested: Your approval and signature of correspondence to the National Intelligence Officer for Warning, Mr. David Y. McManis, concerning his request for Community funding of training and travel, among other things, of Operations Center personnel. [REDACTED]

25X1

2. Background and Discussion: The GDIP, CCP, CIAP Program Monitors, and [REDACTED] (who attends the Washington Area Operations-Intelligence Center Working Group conferences for the ICS), met with David McManis' assistant, [REDACTED] to understand better the concerns of the NIO for Warning. These concerns are general and spill over into non-NFIP activities and programs. Some of the more important questions relate to the ability of the intelligence agencies to respond in a timely and coherent fashion to the NSC initiative involving the creation of a Crisis Management Facility at the Executive Office Building. [REDACTED]

3. There was general agreement at our meeting that quick fixes were not required in programs and budgets involving travel and training. We emphasized that travel funds these past few years have been adequate in all major intelligence programs. [REDACTED]

25X1

4. I discussed this matter with the CIA Comptroller's Office. They say they can support Operations Center personnel travel and training adequately in FY 1983 and FY 1984. They were not aware of this correspondence, or the problem described therein. [REDACTED]

5. Recommendation: That you sign the attached proposed memorandum. [REDACTED]

MEMORANDUM FOR: Mr. David Y. McManis
National Intelligence Officer for Warning

FROM: Eloise R. Page
Acting Director, Intelligence Community Staff

SUBJECT: Community Support for Washington Area
Operations-Intelligence Centers

REFERENCE: NIC #3614-83, 19 May 1983, same subject

1. This responds to your memorandum in which you propose that the Intelligence Community collectively determine funding requirements and budget support for certain activities associated with operations-intelligence centers. []

25X1

2. We are sensitive to the general problem you raise, and agree that we must continually work to assure that our operations-intelligence centers are properly manned and supported. There are a number of new initiatives under way within the Executive Branch that will impact on our intelligence centers over the near term. We are hopeful that some of our common concerns will be taken care of in these priority efforts. []

25X1

3. As for the National Foreign Intelligence Program and its budget, we would welcome your further comments and suggestions later for possible inclusion in the guidance from the DCI to the Community in the development of the FY 1986-1990 budgets. We are alerting the various Program Monitors of our Program and Budget Staff to look into the adequacy of resources in the FY 1985 budget submissions of the separate agencies to support operations-intelligence centers. []

25X1

4. We have been advised that your assistant, [] has met with members of our staff on this overall problem, and are pleased that we have good lines of contact already in being. []
